1. This application is in condition for allowance except for the following formal matters:

a) The second substitute specification filed 7-6-04 is objected to because it included amendments to the claims and abstract which were not filed as part of the amendment after the first ex parte quayle action in accordance with 37 C.F.R. 1.121.

a1) As required by 37 C.F.R. 1.121, each section of an amendment document must be on a separate sheet and each amendment document that includes a change to an existing claim must include a complete listing of all claims in the application. After each claim number in the listing, the status must be indicated in a parenthetical expression, and the text of each pending claim (with markings to show current changes) must be presented.

a2) As required by 37 C.F.R. 1.121, amendments to the specification, *including the abstract*, must be made by presenting a replacement paragraph or section or abstract marked up to show changes made relative to the immediate prior version. The location of the paragraph or section to be deleted or replaced, or where a new paragraph or section is to be added, must be unambiguously identified.

Appropriate correction is required.

b) The replacement drawing sheet and new drawing sheet filed 7-6-04 were also improper under 37 C.F.R. 1.121. The replacement drawing sheet for Figure 1 was not identified in the top margin as "Replacement Sheet". The additional Figure 4 that has now been submitted was not identified in the top margin as "New Sheet". The Examiner respectfully notes that under the current 37 C.F.R. 1.21 rules the proposed

drawing correction process has been eliminated. Therefore, the label "(Proposed)" at the bottom of Figure 4 must be deleted. Appropriate correction is required.

c) The second substitute specification filed 7-6-04 is also objected to because the reply adds a Figure 4 however the Brief Description of the Several View of the Drawings on page 5 has no brief description for newly added Figure 4. Appropriate correction is required.

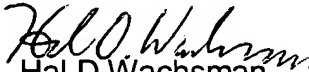

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
